Please don't bother me with your nonsense!

And don't put words in my mouth I never said!

Take care

Hello Mr. Bergemann,

You said that you didn't have a copy of this, and you also said that you didn't have junk mail in your email. However, I have been a software developer for 10 years and know for a fact that all email clients come with spam or junk folders.

I am providing you with a second copy of my findings and am giving you an opportunity to respond to CCFJ readers as this is an issue that is important in the State of Florida and will be advertised in an effort to inform the public. According to the evidence copy we received from one of your members, CCFJ is taking donations from board members who take actions that are antithetical to CCFJ's HOA reform mission.

This is a matter of public trust that the public is highly interested in. Would you like to comment any further, other than your statement over the phone, indicating that you "don't care about what is happening in the Copper Ridge Community?"

I believe that in the best interest of journalistic integrity, I should give you an opportunity to amend your statement.

Thank you for your time.

Hello CCFJ Governing Members,

There are questionable records that are inconsistent with your organization's goals and mission. Your readers would like to know where you stand prior to the publishing of our report as we will be advertising it in multiple regions and social platforms. A PDF file has been provided for you to review the records.

Thank you for your time. Feel free to call me if you would like to.
